Fall 2005 Family Brochure

Made for everyone.
Perfect for you.

A little magic in every one.

At Palm, we design products for people who want to get the most out of every day. People who want to be more organized, more productive, more connected wherever they are. But one device can't please everyone. That's why we make handhelds,

mobile managers, and smartphones for all kinds of people. Each one is different, but they have one thing in common: The power to amaze you. In a mobile world, that works wonders.

Treo 650
SMARTPHONE

Small wonder.

Meet the Palm® Z22 organizer. It's so easy to use, you can get started in a few simple steps. Pick it up. It's small and light. Turn it on. There's a bright color screen. Check it out. Appointments, phone numbers, to-do lists, and photos—you can keep it all there. It's the little organizer with a lot to love.

Serious productivity.

These handhelds are powerful tools for business, whether you're inside the office or out. Carry your Word, Excel and PowerPoint files and be more productive wherever you are. Or check email and surf the web over Wi-Fi® networks with the Palm T1X handheld.¹ It's anything but business as usual.

Drive your own agenda.

The LifeDrive™ mobile manager lets you easily carry all the essentials of your busy life and use them wherever you go. With 4GB² of memory, you can carry files and folders from your desktop computer: 300 songs, 2.5 hrs of video, 1000 photos, and so much more. It's your life—take it with you.

More than just talk.

Say hello to the Treo™ 650 smartphone. Staying in touch has never been easier. This all-in-one device combines phone, email, organizer, text messaging, web access, and a camera.³ Best of all, the Treo 650 smartphone comes with an integrated keyboard, yet still fits right in your pocket.

¹ Some Wi-Fi hotspots require fee for usage. Microsoft Exchange Server 2003 or VPN may be required.

² 3.85GB is user accessible.

³ Email, messaging and web browsing require wireless data services from a mobile service provider at an additional cost. ISP may also be required. Pricing varies by service provider. Wireless service coverage may not be available in all areas.

The lighter side of organization.

- Organizes appointments, contacts, to-do lists
- Simple and easy to use
- Bright, colorful screen
- Keeps your information safe¹
- Compact and lightweight
- Holds hundreds of photos²

Top 10 things to love.

We gave our friend Laura a Palm® Z22 organizer, and she came back with her top 10. What'll yours be?

- 1** Everyone's number and address is with me all the time. From my boss to my daughter's soccer coach.
- 2** Alarms for every appointment. I'm never late to the dentist anymore. (As hard as I try.)
- 3** Checking off items on my to-do list feels really good.
- 4** Color-coded categories. The best. Green for work stuff, pink for play stuff, yellow for kid stuff.
- 5** Seeing a photo of my daughters' smiling faces anytime.
- 6** Viewing my schedule by the day, the week, or the month so I'm always on top of things.
- 7** The Find feature thingy! You enter in a name or a topic and then instantly see where it appears—Calendar, Memos, and more.
- 8** Playing games. (Okay, I admit it!)
- 9** With one tap everything is synchronized between my organizer and my computer! I always have a back-up copy.
- 10** Never forgetting birthdays anymore! I enter it in once, tap "repeat," and it's remembered it for next year, too. An alarm even tells me when to send the card.

Product specs

Size/Weight 2.7" x 4.05" x 0.6" / 3.4 oz.

Memory 32MB (20MB available to user)

Operating system Palm OS® 5.4 (Garnet)

Display 160 x 160 color display

Processor 200MHz

Desktop connection Standard USB to Mini USB

Standard features Calendar, Contacts, Tasks, Memos, Note Pad, Photos

¹ Non-volatile flash memory means data will not be lost if battery runs down. Also, keep a back-up copy of your data on your computer using the included synchronization software and sync cable. Requires compatible computer and installation of software.

² Photos optimized for your handheld during synchronization using included photo desktop software.

Encore. Our most popular handheld is better than ever.

- High resolution, color rich display
- 32MB¹ flash memory helps keeps your information safe
- Built-in Bluetooth® wireless technology
- View, edit, and create Word, Excel, and PowerPoint compatible files²
- Easily sync Outlook information
- View photos and videos, play MP3 files³
- MultiMediaCard, SD, and SDIO expansion card compatible

What's new on the Tungsten™ E2 handheld.

The Tungsten E2 handheld is an improved version of our best-selling handheld ever, the Tungsten E. Here's just a few of the new things you'll find.

Brighter, richer color screen.
The new color screen—typically 30% brighter than the Tungsten E—makes it easy to view any document, indoors or out. And with 40% better color saturation, photos and video clips come to life in rich, dazzling color.

Non-volatile, flash memory.
Now all of your information stays protected—even if you're on the go and don't have time to recharge.

Product specs

Size/Weight 3.1" x 4.5" x 0.59" / 4.7oz.

Memory 32MB (26MB available to user)

Operating system Palm OS® 5.4 (Garnet)

Display 320 x 320 Transflective TFT color display with touchscreen

Processor Intel® 200MHz processor (ARM-based)

Battery Rechargeable lithium ion

Desktop connection USB sync cable

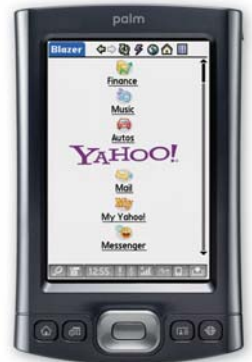

Standard features Calendar, Contacts, Tasks, Memos, Note Pad, Photos

Expansion MultiMediaCard/SD/SDIO expansion slot

Bluetooth wireless technology.
Synchronize with your desktop without wires getting in the way⁴. Or use your Tungsten E2 handheld with a compatible phone to send email and text messages. You can even check news headlines on the Web⁵.

Better battery life.

The new battery has more longevity, so you don't have to slow down when life speeds up. For example, you'll get 10-12 hours of continuous use if you want to listen to your MP3s all day.

Wi-Fi and a big screen. That's huge.

- Built-in Wi-Fi and Bluetooth® wireless technology
- High-res 320 x 480 color screen, rotates to landscape or portrait
- 128MB⁶ flash memory keeps your information safe
- Browse the web and send email⁵
- View, edit, and create Word, Excel, and PowerPoint compatible files²
- View photos and videos, play MP3 files and podcasts³
- MultiMediaCard, SD, and SDIO expansion card compatible

Affordable Wi-Fi is here. (And here. And here. And here.)

Browse the web, check email and see everything on a large color screen⁶. View files—or have some fun and listen to MP3s.

Stay connected with Wi-Fi technology.

Read your email, get driving directions, check the weather, or read the latest news—at work, home or a café.⁵

Large screen. Rich colors.

Big news. View web pages in all their glory in landscape mode. Then flip to portrait for your schedule and Word documents.

Product specs

Size/Weight 3.08" x 4.76" x 0.61" / 5.2oz.

Memory 128MB (100MB available to user)

Display 320 x 480 Transflective TFT color display with touchscreen

Processor 312MHz Intel® XScale™ ARM processor

Battery Rechargeable lithium ion

Desktop connection USB sync cable

Standard features Calendar, Contacts, Tasks, Memos, Note Pad, Photos

Expansion MultiMediaCard/SD/SDIO expansion slot

Email on the go¹.

Check your Outlook corporate email or personal accounts like AOL and Yahoo!.⁵

Take your work with you.

Carry your important Word, Excel, and PowerPoint files and be more productive wherever you are.

¹ 26MB actual storage capacity.

² PowerPoint support for Macintosh is view only.

³ Expansion card required for Macintosh, sold separately. Internet download may be required.

⁴ Requires compatible Bluetooth enabled Windows computer.

⁵ Within wireless service coverage area only. Bluetooth functionality requires compatible Bluetooth device; web and email require data plan and an ISP, all sold separately. Some Wi-Fi hotspots require fee for usage. Microsoft Exchange Server 2003 or VPN may be required.

⁶ 100MB actual storage capacity.

LifeDrive
MOBILE MANAGER

Your desktop files minus the desktop.

- 4GB¹ hard drive with LifeDrive™ smart file management
- Built-in Wi-Fi (802.11b) and Bluetooth® v1.1²
- Hi-resolution, color display with portrait and landscape views
- View and create Word, Excel, and PowerPoint-compatible files³
- View Adobe® PDF files⁴
- Supports secure wireless email access with attachments
- Built-in Microsoft Exchange ActiveSync®⁵
- Camera companion software
- MP3 player

Yes, you can take it with you.

At the office.

"I use my mobile manager to share training videos. I also rehearse my PowerPoint presentations and email documents using VersaMail® and the company Wi-Fi network."²

— Kathleen, Sales Consultant

On vacation.

"When my SD card is full, I transfer photos to my LifeDrive mobile manager so I can keep using my memory card. On the plane, I'll use it to watch home movies and personal DVDs."³

— Dan, Photo Enthusiast

On campus.

"I record my 8:30am lecture with the built-in voice recorder. I also type notes using a wireless keyboard. And when I'm not studying, I listen to MP3s."⁴

— Tom, Journalism Major

At the hospital.

"With my device, I can access patient records at any time, from anywhere in the hospital via the Wi-Fi network,⁵ and I can check for drug interactions using Epocrates Essentials®."⁵

— Dr. Jones, MD

Product specs

Size/Weight 4.76" x 2.87" x 0.74" / 6.8oz.
